

**26 June 2019****Euroports Holdings S.à.r.l sold to R-LOGITECH, PMV and FPIM**

**London, 26 June 2019** – Arcus Infrastructure Partners is pleased to announce the closing of the sale of 100% of the shares in Euroports Holdings S.à.r.l, a port terminal operator and provider of logistics solutions, to a new joint venture comprising of R-Logitech S.A.M., PMV and FPIM.

R-Logitech is an international provider of logistics and technology solutions for global supply chain management and has a long track record of managing ports and terminals on an international scale. PMV and FPIM are Belgian investment funds.

The transaction completion follows the approval from the relevant antitrust authorities on 29 May 2019.

Under the ownership of Arcus, together with its co-shareholders, Euroports has delivered value to both its customers and local stakeholders over the years, through establishing new port and logistic areas across Europe and China, diversifying into new growth products, investing in terminal infrastructure, and modernising its global IT system to ensure that the business can take advantage of the digital revolution that is transforming the maritime industry.

**About Euroports**

Euroports is one of the largest maritime infrastructure companies in Europe, operating 26 deep-sea port terminals and employing c.3,000 members of staff. It develops, operates and manages global marine supply solutions for a large number of international customers in various industries. Euroports processes more than 60 million tonnes of bulk, non-containerised, containerised and liquid cargo, per year, holding long-term relationships with industry-leading customers, that are underpinned by high barriers to entry, captive hinterlands and strong multi-modal connectivity.
